SUMMARY

Full-stack web developer with a background in lab-based research and communication and a passion for problem-solving. Graduate of the University of Pennsylvania and Trilogy Education Services Full Stack Flex Boot Camp with newly developed skills in HTML, CSS, JavaScript, and responsive design, to name a few. Able to pick up new concepts and skills quickly and implement new knowledge efficiently. Spent 6 years in the service sector honing skills in communication and time-management on several projects. These projects include jumpstarting a college organization's fundraising program and assisting in planning and implementing the inaugural children's summer camp at a local science museum.
